
Happy Thanksgiving!

Economic Group Pension Services, Inc. would like to wish you and your family a healthy and happy Thanksgiving! Gratitude is important, and this year we are especially grateful for our incredible clients and partners, as well as our team at EGPS! Although our celebrations may not be traditional this year, we hope you will spend the holidays safely with the people you cherish the most.

It's all about planning.

Cooking a large Thanksgiving meal for your family and friends takes hours of planning and preparation. In some ways, this can be related to establishing a retirement plan for your business (stay with me here).

There are three things you need for a Thanksgiving meal (or establishing a retirement plan for your employees):

- A clear objective
- Resources (think ingredients)
- Time to organize and execute

The result, you might ask? Sharing a retirement plan with people you care most about. You know—like a Thanksgiving meal—it is consumed and enjoyed, and the result is full bellies and happy hearts.

Are you feeling dissatisfied with your business' retirement plan?

After celebrating Thanksgiving with your loved ones, we will be here to chat! There is no obligation. EGPS is always here to help you build a plan to meet your goals and accomplish your dreams.

Like a homemade Thanksgiving dinner, a successful and unbeatable retirement plan takes time, and the small details are important. Once your custom retirement plan is designed, you will be on track for a future built with what you love the most—and there will be leftovers to go around!

We're here to help.
